

HOSPITAL SERIES

Exclusive over the bed Hospital Bassinet

Introducing the revolutionary HALO® Bassinet® swivel sleeper for Hospital Birth Centers - a new concept in the world of bassinets. It's the only hospital bassinet with 360° swivel designed to safely keep baby closer to mom than ever before, enhancing the family-centered couplet care model to its fullest.

Swivels
360°
to bring
baby close

Convenient storage
keeps baby's essentials
at mother's fingertips.

Clear, bedside wall lowers to allow mother to easily tend to her baby and automatically returns for safe sleep. Wall locks if desired.

Adjustable height.

Tuck-under design fits easily under bed.

Disposable storage

Locking caster wheels for easy maneuvering.

The HALO Bassinet is uniquely designed to:

- Promote the family centered couplet care model (rooming-in), while reducing nursing time needed to support baby's care.
- Support breastfeeding and skin-to-skin bonding.
- Adjust to mother's level, reducing the likelihood of accidental falls/drops.
- Provide added accessibility to baby. Ideal for mothers recovering from a C-section or with physical disabilities.
- Provide baby his own safe sleep space to encourage safe sleep practices in the hospital and at home.
